## WORK EXPERIENCE

### CLASS A COMMERCIAL DRIVER

MILWAUKEE COUNTY, WI

2016 - Present

- Leveraged strengths in time management and communication skills to consistently complete time-sensitive deliverables.
- Successfully worked as a team member to maintain upkeep with all units operated and helped companies meet their logistics needs.

## TECHNICAL PROJECTS

### PORTFOLIO WEBSITE

WEBSITE, GITHUB

Summer 2021 | Milwaukee, WI

- Built & deployed a personal portfolio website to showcase some of the projects I've developed.
- Used Javascript (ES6), HTML5, CSS3, and a bit of JQuery to create this single-page web app.

### SEE N' SAY CHILDREN'S APP

MOBILE APPLICATION, GITHUB

Fall 2020 | Milwaukee, WI

- Used Java, XML, & Android Studio to create a native mobile app to challenge children's ability to match animal sounds with the correct animal.
- Implemented a Camera API to allow child to take a selfie for increased feeling of personal achievement.

### SPOTIFY WEB API APP

WEBSITE/HEROKU, GITHUB

Fall 2021 | Milwaukee, WI

- Built & deployed a single page web app that sends HTTP requests to Spotify's Web API, and returns the top tracks based on the user's entry. Each embedded track has the option to be played in full.
- Used Javascript, HTML5, CSS3, and JQuery's AJAX HTTP Request to call the API and build the client-side-only app.

## ORGANIZATIONS

### NATIONAL SOCIETY OF BLACK ENGINEERS

October 2020 - Present | Milwaukee, WI

### BLACKS IN TECHNOLOGY FOUNDATION

October 2020 - Present | Milwaukee, WI

- These organizations focus on increasing the representation and participation of Black people who excel academically, succeed professionally, and positively impact the technology industry.
